Pivotal CF Resources

Getting Involved

Pivotal Web Services

60 free day account

- No Ops Mgr
- Cannot add service brokers
- 3rd Party Services (no PHD, Mobile, etc)

http://run.pivotal.io

vSphere / vCloud Air (formerly vCHS)

Download Pivotal CF distributions and add on services for a 60 day free trial

- Complete PCF environment and set of services

http://network.pivotal.io

Local (OSS)

Local install into a VM using vagrant and bosh

- No Ops Mgr
- Substantial learning curve
- If you learn bosh, you can deploy the full suite of PCF services

CLOUD
# PLATFORM
ROADSHOW

Find your city and register now

Join Pivotal technologists and learn how to build and deploy great software on a modern cloud platform.

At this workshop, you'll get hands-on experience as you test drive Pivotal's CF platform. In just a few hours, you'll realize the speed and ease of pushing an application on Pivotal CF, the world's leading enterprise PaaS, powered by Cloud Foundry.

The day is set up to fit your needs and time availability. Come for the first half and learn how Pivotal CF can help you build transformative software. Stay for the second half and learn about the power of Continuous Delivery and Microservices.

Who Should Attend

The workshops cover topics of interest to developers, architects, operations and technical managers. The keynotes set the stage for the workshops and will provide valuable insights for all.
